

RR700 Professional Air Conditioning Machine

Introducing our brilliant Air conditioning machine range. Fully equipped with the latest technology and offered in either old gas R134A or new gas R1234YF configuration. We offer a supply and install service and even F-Gas training if required. High quality touch screen interface all designed and manufactured in Italy.

OLD GAS (R134A)

NEW GAS (R1234YF)

The Best Of Both Worlds!

Having 2 separate V-Tech Air Conditioning machines means you can service 2 different gas vehicles at the same time at various locations within the workshop.

Features & benefits of our RR700 Professional Air Conditioning Machine:

- Made in Italy
- Double touch screen
- Durable
- Incredibly well built
- Graphic display with icons
- Hoses and couplings set with quick replacement
- Nr 2 tanks with 2 charge cells 2 x 10
- Vacuum pump 100 lt/min
- Facilitated charge in each temperature condition with BST system
- Compressor capacity 400 gr
- Automatic recovery
- Automatic oil discharge
- Programmable vacuum
- Programmable vacuum test (in mbar)
- Oil/additive injection standard with scale, 4th oil injector for R1234yf standard
- 3+1 injectors
- Injection oil/additive by hybrid vehicles, with scale
- Software hybrid vehicles
- Automatic gas charge
- Automatic leak test on power up
- Automatic washing of the station's system at each gas change
- Multilingual software
- Built-in database (cars, industrial vehicles, agricultural machines)
- Personal database (100 entries)
- Software for flushing cleaning (with kit 01.000.96 on request)
- Software for recycling cleaning (VW, Audi) (with kit 01.000.139 on request)
- Discharge of incondensable gases
- Hose length adjustment
- Automatic internal cleaning
- HP/LP gauges class 1 with double scale
- Nr 2 bottle pressure gauges
- Software in compliance with European Regulation (EC) No. 842/2006
- Leakage test with nitrogen (with kit 01.000.218 on request)
- Programmable refilling of the internal bottle
- Upgrade of database and graphic via USB
- Data upload into PC
- Info-page about the performed operations
- Nr 10 pre-set users
- Printer
- Dimensions: 59 x 61 x 112cm
- Weight: 90kg

TANK CAPACITY	12 Kg
VACUUM PUMP	113 l/min
HEATING SYSTEM	ON REQUEST
GAS	R134a or HFO1234yf
COMPRESSOR CAPACITY	300 gr/min
AUTOMATIC RECOVERY OF THE GAS	YES
AUTOMATIC DISCHARGE OF USED OIL	YES
PROGRAMMING OF VACUUM TIME	YES
PROGRAMMING OF LEAK TEST	YES
PROGRAMMING OF OIL INJECTION	YES
INJECTION OF OIL	YES/TIMED
INJECTION OF DYE LIQUID	MANUAL WITH TAP
GRAPHIC DISPLAY TOUCH SCREEN	4,7"
SW FOR HYBRID VEHICLES	YES
AUTOMATIC CHARGING OF THE GAS	YES
MANUAL PRESSURE TEST	YES
MULTILINGUAL SOFTWARE	YES
INTERNAL DATABANK (AUTO, TRUCKS, AGRICULTURAL MACHINES)	YES
DISCHARGING OF NON CONDENSABLE GASES	YES
ADJUSTING OF HOSES LENGHT	YES
INTERNAL WASHING	YES
Manometers AP/BP class 1	YES
INTERNAL TANK MANOMETER	YES
SOFTWARE IN COMPLIANCE WITH (EC) N. 842/2006	YES
PROGRAMMING OF INTERNAL TANK CHARGING	YES
UPDATE OF SW AND DATABANK	USB
INFORMATIONS ABOUT LAST AND TOTAL OPERATIONS	YES
PRINTER	ON REQUEST (+ Euro 50,00)
FINAL INSPECTION WITH H2N2	YES
DIMENSIONS (mm)	50x55x90 cm
WEIGHT	65 kg

Flexible Finance

We offer competitive finance packages to suit your business circumstances.

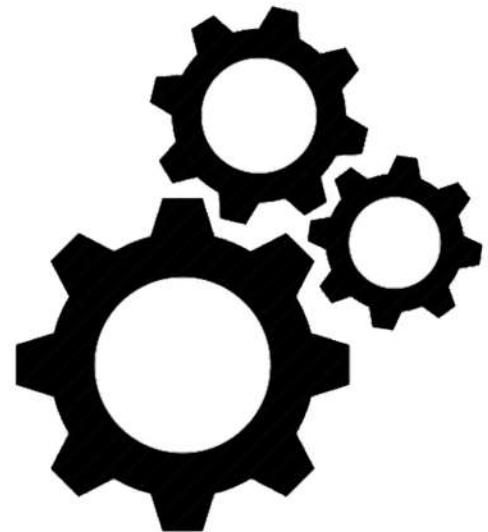

18 Years In Business

We've supplied products to over 5,000 workshops in the UK.

Made in Italy

Our Air Conditioning Machines are manufactured in Italy using high-quality materials.

Latest Technology

Our Air Conditioning Machines are fully equipped with the latest technology.
