Features & benefits of our Air Conditioning Machines:

- Made in Italy
- Double touch screen
- Durable
- Incredibly well built
- Graphic display with icons
- Hoses and couplings set with quick replacement
- 2 tanks with 2 charge cells 2 x 10
- Vacuum pump 100 lt/min
- Facilitated charge in each temperature condition with BST system
- Compressor capacity 400 gr
- Automatic recovery
- Automatic oil discharge
- Programmable vacuum
- Programmable vacuum test (in mbar)
- Oil/additive injection standard with scale, 4th oil injector for R1234yf standard
- 3+1 injectors
- Injection oil/additive by hybrid vehicles, with scale
- Software hybrid vehicles
- Automatic gas charge
- Automatic leak test on power up
- Automatic washing of the station's system at each gas change
- Multilingual software
- Built-in database (cars, industrial vehicles, agricultural machines)
- Personal database (100 entries)
- Software for flushing cleaning (also includes kit 01.000.96)
- Software for recycling cleaning (VW, Audi)
- Discharge of incondensable gases
- Hose length adjustment
- Automatic internal cleaning
- HP/LP gauges class 1 with double scale
- 2 bottle pressure gauges
- Software in compliance with European Regulation (EC) No. 842/2006
- Leakage test with nitrogen (with kit 01.000.218 on request)
- Programmable refilling of the internal bottle
- Upgrade of database and graphic via USB
- Data upload into PC
- Info-page about the performed operations
- 10 pre-set users
- Printer
- Dimensions: 59 x 61 x 112cm
- Weight: 90kg

Technical Features

Multilingual software

Built-in database (cars, industrial vehicles, agricultural machines)

Personal database (100 entries)

Software for flushing cleaning (also includes kit 01.000.96)

Software for recycling cleaning (VW, Audi) (with kit 01.000.139 on request)

Discharge of incondensable gases

Hose length adjustment

Automatic internal cleaning

HP/LP gauges class 1 with double scale

2 Bottle pressure gauges

Software in compliance with European Regulation (EC) No. 842/2006

Leakage test with nitrogen (with kit 01.000.218 on request)

Programmable refilling of the internal bottle

Upgrade of database and graphic via USB

Data upload into PC

INFO-page about the performed operations

10 preset users

Printer

Dimensions, cm 59x61x112

Weight kg 90

Flexible Finance

We offer competitive finance packages to suit your business circumstances.

18 Years In Business

We've supplied products to over 5,000 workshops in the UK.

Made in Italy

Our Air Conditioning Machines are manufactured in Italy using high-quality materials.

Latest Technology

Our Air Conditioning Machines are fully equipped with the latest technology.
